# Global Corporate Governance system

## Works in real world

We let you do everything online whilst we take care of the offline, including local filing requirements

## Smart Shares

We go beyond tokenizing your equity and make shares aware of governance logic, compliance requirements and securities reg

## Web3 Ready

Log in your MetaMask wallet and manage your shareholdings and voting in a location independent and paperless manner

## Open-sourced smart contracts

Use community-developed smart contract solutions for everything you need to manage and govern your company,i.e. ESOP
